

NEW VISIONS, INC.

Corporate Mission Statement

To provide Mental Health Services through residential, social, and educational programming for the Franklin/Fulton and Cumberland/Perry County communities.

Statement of Values

New Visions is committed to providing services to assist persons in their recovery journey in a manner that maximizes personal choice, builds on existing strengths, embraces all aspects of each person's life, and are tailored to each person's individual needs.

In order to achieve this, New Visions includes individuals with mental illness as board members and staff and actively seeks input from on the direction and implementation of programming from persons we serve. New Visions' staff focuses their energies toward learning the aspirations of our consumers and provides tools and assistance to achieve those goals.
