

Point-in-time Summary for PA's Northeast Region, 2007

Codes:

- ES = Emergency Shelter
- TH = Transitional Housing
- PSH = Permanent Supportive Housing
- SMI = Serious Mental Illness
- HL = Homeless

Definitions:

- HUD's definition of homeless = A person is considered homeless only when he/she resides in one of the three places:
 - 1) Places not meant for human habitation, such as cars, parks, sidewalks, and abandoned buildings;
 - 2) An emergency shelter; or
 - 3) Transitional housing for homeless persons and who originally came from the streets or emergency shelter.

Note: If a person is in one of the three categories listed above, but most recently spent less than 30 days in a jail or institution, he/she qualifies as coming from one of these three categories.
- HUD's definition of chronically homeless = An unaccompanied homeless individual with a disabling condition who has either been continuously homeless for a year or more OR has had at least four (4) episodes of homelessness in the past three (3) years. In order to be considered chronically homeless, a person must have been sleeping in a place not meant for human habitation (e.g., living on the streets) and/or in an emergency homeless shelter.
- Under development = Projects that are fully funded but are not yet available for occupancy as of January 31, 2007.
