Definitions:

- HUD's definition of homeless = A person is considered homeless only when he/she resides in one of the three places:
 - 1) Places not meant for human habitation, such as cars, parks, sidewalks, and abandoned buildings;

 - 3) Transitional housing for homeless persons and who originally came from the streets or emergency shelter.
- HUD's definition of chronically homeless = An unaccompanied homeless individual with a disabling condition who has either been continuously homeless for a year or more OR has had at least four (4) episodes of homelessness in the past three (3) years. In order to be considered chronically homeless, a person must have been sleeping in a place not meant for human habitation (e.g., living on the streets) and/or in an emergency homeless shelter.
